

Foundation Training Job Description

Grade	F2
Placement	Stroke / Neuro / Rehab
The type of work to expect and learning opportunities	The stroke medicine team works collaboratively with rehabilitation medicine and neurology based on a specialist unit. There are close links to the acute medical and elderly medical teams, as well as to the Medical Admissions Unit (MAU), from whom most of the acute admissions are received. In addition, there are elective admissions relevant to the specialty which will be under the care of the wardbased team.
Where the placement is based	Ward 5 AGH
Main duties of the placement	<p>The FY2 doctor attached to the stroke unit will share responsibility for patients under all consultants on the ward with the FY1 doctor, supported by middle grade staff for each specialty. Each ward has a mixture of specialties represented, providing broad experience. This ward-based approach limits the number of patients / clinical areas FY2 doctors are responsible for and they operate in a 'team based' mode.</p> <p>Responsibilities include:</p> <ul style="list-style-type: none"> • Day to day care of all patients on the ward (admission clerking and assessment, daily or more frequent clinical review, legible notes in medical records, prescribing, requesting investigations and actioning results) • Ward Rounds • Discharge planning and e-discharge notifications • Maintaining patient safety by abiding by the Medicines Code, Infection Prevention procedures and Medical Equipment/Devices policy • On-Call responsibilities (nights & lates) • Clerking of new admissions and other ward-based duties as above • Reviewing of sick patients of other teams and specialties & inputting into their care.

	FY2 doctors will, on occasion, be required to provide cover for other wards / specialties as the doctor dictates.
Typical working pattern in this placement	Typical working pattern in this post e.g. ward rounds, clinics, theatre sessions
Employer	Airedale NHS Foundation Trust
