

Foundation Training Job Description

Grade	F1
Placement	Neurosciences (Stroke)
The type of work to expect and learning opportunities	Ward based care on a direct admission stroke unit, supporting the acute stroke physician in the investigation and treatment of stroke.
Where the placement is based	Pinderfields Hospital
Educational and Clinical Supervisor(s) for the placement	Dr. Stanners or Dr Carpenter, supported by Doctors Archer, Datta, Razik and Venkatesh
Main duties of the placement	Clerking hyperacute stroke admissions; day to day management of the Acute Stroke Unit patients including any medical lodgers; contributing to the acute (unselected) medical take (shift system) as per rota
Typical working pattern in this placement	Daily Hyperacute Stroke consultant ward rounds; regular consultant wards of acute stroke patients; daily rounds of medical lodgers; working alongside StR, GP registrar and a FY2; team working with nurses, therapists and clinical nurse specialists and stroke researchers to ensure patient-centered approach to care.
Employer	The Mid Yorkshire Hospitals NHS Trust

It is important to note that this description is a typical example of your placement and may be subject to change.
