

# Acute Medicine for International Medical Graduates (IMGs), UK

This one-day online workshop aims to support international medical graduates, new to acute care practice in the NHS, with skills to enable confident management of acute medical patients through the use of a wide range of clinical case scenarios and interactive content.

**date**

Summer 2021 dates:

May 15th, 16th & July 10th, 11th

**time**

09:00 to 18:00 BST

**venue**

Microsoft Teams®

**fee**

£199.99

## Who should attend?

We know that starting a job in Acute Medicine or Emergency Medicine in the UK can be daunting for graduates of foreign medical schools.

This workshop aims to equip you with the skills to hit the ground running in your first job in acute medicine – whether as a:

- Foundation Doctor
- GP/Internal Medicine Trainee
- Locum Doctor
- Acute Care Practitioner

It is also very relevant to doctors working in Emergency Medicine who deal with acute medical cases in the first four hours of the patient's journey.

## What will you learn?

On this workshop, you will gain confidence in the management of:

- Acute Coronary Syndrome and ECG interpretation
- Acute Kidney Injury & IV fluid prescribing
- Acute Asthma and COPD
- Interpretation of ABGs and when to use NIV
- DKA and HHS
- Other frequently occurring acute medical presentations

**This workshop is equivalent to 7 hours of CPD credits. A certificate of participation will be provided after the workshop.**

*"The workshop helps to develop a sense of clinical judgement and frame your thought process as a clinician working in acute medicine"*  
NK, FY2, NHS Tayside

*"It is one of the most interactive workshops I have attended; very impressive especially as it was online. I also feel more confident / less anxious about starting work in the NHS"*  
DO, Medical Officer, Nigeria

*"Awesome course! Should be required learning for any IMG wanting to work in the NHS. I whole-heartedly recommend it!"*  
CA, SHO, Portsmouth Hospital Trust
