

Foundation Training Job Description

Grade	F2
Placement	Emergency Medicine
Department	Emergency Department
The type of work to expect and learning opportunities	The FY2 doctor attached to the Emergency Department will work as part of a multi-disciplinary team, in the initial assessment and management of adults and children presenting with a wide range of medical, surgical and psychiatric conditions. They will be supported and supervised by senior emergency medicine doctors. There is a detailed and structured induction process as well as protected teaching time. Airedale ED prides itself on having consistently excellent trainee feedback.
Where the placement is based	Emergency Department, Airedale Hospital
Educational and Clinical Supervisor(s) for the placement	
Main duties of the placement	The FY2 will learn how to manage a wide range of emergency presentations but with senior oversight present 24 hours a day. Duties include taking histories and examining patients, ordering and interpreting tests, and arranging treatments and follow-up. The FY2 will get the opportunity to learn practical skills and to gain experience in liaising with other specialties and working in a team.

Typical working pattern in this placement	Full shift system. The Department currently operates a 12-week rolling rota. There is a rota coordinator who helps to facilitate leave for training and holidays.
Employer	Airedale NHS Foundation Trust

It is important to note that this description is a typical example of your placement and may be subject to change.
