Trust Foundation Trainee Representatives: Appointments and Duties

Appointing a Trust Foundation Trainee Representative

Each Trust will appoint their F1 and F2 Trust Foundation Trainee Representatives; there should be (where possible) a minimum of one Trust Trainee Representative for each Training Year.

It is at the sole discretion of the Trust as to how they appoint, and who they appoint.

An application form for the role can be found, along with the job description and contact information, on the HEE website:

The trainee should send their application form to the agreed Trust contact to be reviewed (typically the Foundation Training Programme Director or Foundation administrator). The Trust will then inform the Foundation School of the Trust Foundation Trainee Representatives appointments (and provide copies of the completed application forms).

If they have indicated on their applications form that they wish to be considered for the Foundation School (Regional) Trainee Representative role, these applications forms will be forwarded to the relevant Deputy Foundation School Director for review.
