7	<p>Primary Care Element</p>	<p>There is no primary care commitment in this post at this stage but in future this may be developed and a performer number would then be required for this element of training.</p>

8	Description of the training post	<p>Summary of the experience and training provided in this post. Oral Surgery training will be delivered over the equivalent of a three-year full time programme. This should lead to;</p> <p>Membership of a Royal College (e.g. M Oral Surgery) and a CCST. Entry onto the specialist list in Oral Surgery. Eligibility to practice as a specialist.</p> <p>This post is suitable for those keen to develop experience pertinent to Oral Surgery training whilst working in an Oral and Maxillofacial Surgery unit and Dental Hospitals thereby increasing their clinical acumen, patient management and surgical skills. It would be a suitable post for anyone wishing to pursue a career in Oral Surgery.</p> <p>Within the training all areas of the curriculum will be delivered through rotations based at Dental Hospitals and Oral and Maxillofacial units within the region.</p> <p>Trainees will have exposure to outpatient clinics and lists as well as Consultant led GA theatre lists enabling them to gain surgical experience and complete WBAs and PBAs.</p>
9	Educational programme and library facilities.	<p>Training and Educational supervision The Training Programme Director (TPD) for Oral Surgery is Miss Divya Keshani who will manage the overall training. Additionally, each StR is assigned to an Educational Supervisor who will provide guidance in his/her training and career and carry out regular appraisals. Each trainee will also have clinical supervisors dependant on the training they are undertaking at a particular time. The list of Educational Supervisors is listed below.</p> <p>Training (please see HEE YH website) http://www.yorksandhumberdeanery.nhs.uk/dentistry/dental_specialty_training/training_programmes/oral_surgery/ The post is recognised for Membership in Oral Surgery Examination (MOS) training</p> <p>Regional study days are mandatory and arranged for trainees on a monthly basis. Trainees will be expected to input into these with presentations on selected topics. Thus developing their teaching and presentation skills as well as aiding with examination preparation.</p> <p>Study leave The Postgraduate Dental Dean holds the Study Leave budget and has to account for all study leave expense payments. All study leave has to be in line with the Curriculum Delivery Matrix (CDM) and trainees will be expected to follow the guidelines on this.</p>
10	Employing Organisation	Varies in the rotation depending on the unit placement each year
11	Will the employing organisation change during the training period? E.g. at rotation	Yes
