

Professional Insight Through Critical Appraisal and Reflection with MiRo – workshop

6 external CPD points

Introduction

This workshop is aimed at Clinicians, to help them understand and recognise how reflection can support their practice. The webinar includes an introduction to the MiRo psychometric test which helps them gain insight into their preferred style of working and ultimately improve their reflective practice.

Course Structure

- **Date:** 6th December 2021
- **Timings:** 9:30am-4:30pm
- **Venue:** The Oakwell centre

Webinar Objectives

- Understand the principles of reflection and why this is an important part of your development, recognising how reflection supports your role as a clinician
- Demonstrate what is meant by reflective practice as a medical practitioner in the context of clinical practice
- Utilise the Miro psychometric test to enhance your own reflective practice, develop your PDP and improve patient safety and quality in your area of responsibility.
- Apply the principles of reflection, enabling you to document your learning for inclusion into your portfolio as supporting information for revalidation
