<b>6</b>	<b>Travel Commitment</b>	<p>Trainee will be required to travel independently between sites listed above and occasionally to sites across the Yorkshire and Humber region for joint training with the other Yorkshire and Humber StRs in Special Care Dentistry</p>	
<b>7</b>	<b>Primary Care Element</b>	<p>A significant proportion of the training is within primary care, and thus it is essential that the trainee is on or eligible to be on the NHS Performers List</p>	
<b>8</b>	<b>Description of the training post</b>	<p>Special care dentistry specialty training in Yorkshire and the Humber is very well-established and is characterised by a friendly, inclusive approach.</p> <p>Our strengths include the breadth and depth of experience of our specialist and senior dental clinical trainers, their extensive links with both local and national networks via the Royal Colleges and Specialist Societies, together with the strong links to other trainees in Special Care Dentistry across the region.</p> <p>We work in close collaboration with our colleagues in the HEYH programme, sharing training and teaching opportunities and are active, enthusiastic participants in all regional and national organisations for Community and Special Care Dentistry.</p> <p>Special care dentistry has a broad curriculum, and training is delivered by a combination of didactic teaching together with clinical sessions both within primary and secondary care.</p> <p>Trainees have the opportunity to treat patients with inhalational and intravenous sedation and to develop competencies in behavioural therapy. Clinical duties include care of adults with learning difficulties, mental</p>	

		<p>health problems, severe dental anxiety and care of older adults.</p> <p>The Community based nature of this post enables post holders to deliver holistic, patient centred care and follow patients over an extended period of time.</p> <p>They will be part of a team providing comprehensive dental care under GA on a day-case basis working in close conjunction with our anaesthetic colleagues and learning disability liaison teams to formulate admission and care plans for a wide range of complex patients.</p> <p>They will deliver treatment in a variety of clinical situations, including on domiciliary visits to patient houses, nursing homes, and specialist Consultant clinics.</p> <p>The post-holder will be encouraged and supported to be involved in teaching and presenting at a local, regional and national level.</p> <p>This post has no on-call commitments.</p>
9	<b>Educational programme and library facilities.</b>	<p>Trainees are supported to complete the <b>Diploma in Special Care Dentistry RCS (ENG)</b>, a self-directed distance learning programme.</p> <p>In the last year of training, the post-holder will sit the <b>Tricollegiate Membership in Special Care Dentistry</b>. Upon satisfactory completion of this and the HEYH training programme, they will become eligible to register as Specialists in Special Care Dentistry</p> <p>Trainees electronically record evidence and outcomes of training, clinical portfolio, learning agreements, workplace-based assessments and professional development in a secure electronic format, (Intercollegiate Surgical Curriculum Programme ISCP) which is shared with their clinical and educational supervisors and Training Programme Director.</p> <p>Trainees will have access to Harrogate Hospital library facilities.</p> <p>Progression through training is assessed annually at the Annual Record of Competence Progression (ARCP).</p> <p>Trainees participate in regional case-based discussion days and journal clubs throughout the post.</p>
10	<b>Employing Organisation</b>	<b>Harrogate and District NHS Foundation Trust, Lancaster Park Road, Harrogate, HG27SX</b>
11	<b>Will the employing organisation change during</b>	No

	<b>the training period? E.g. at rotation</b>
