

## The GP Update Study Day Live Course for Yorkshire & Humber GP School

Join us for a highly engaging and interactive online course, from the comfort of your home (or practice)! We'll cover the latest changes in evidence and guidelines relevant to Primary Care. Our presenter will host the course live from our TV Studio, run interactive polls and Q&A sessions, and offer practical tools to help you change your practice straightaway.

### COURSE DETAILS:

**DATE:** Tuesday 13th May 2025

**TIME:** 10:00 to 16:00

**DISCOUNTED COST:** £86.20

This course is open to Trainees who DID NOT attend the Red Whale course in October 2024. Delegates should take study leave to attend the course and claim the course fee back using 'accent leave manager'. Please [click here](#) for instructions on how to do this.

To book your place on this course please see the instructions on the second page.

### What we will cover

We will be covering a mix of key updates for primary care choosing our topics:

Because they are new...

Because they are practice changing...

Because we all find them tricky...

Because you just won't learn about them anywhere else!

Watch out for a blend of new guidance, the latest relevant evidence covering long term condition management and acute presentations. We can't wait to see you.

### What you can expect on the day

- **Learning to suit all styles** - varied, dynamic teaching.
- **Interaction** - interact with the presenter and ask questions.
- **Flexibility** - tune into the live-hosted event and/or to re-watch on demand, at any time, for 12 months after.

### What will I get

- 5 CPD hours of interactive & practice-changing online learning, with downloadable certificate
- 12 months access to the extended on demand course
- 12 months access to the online written resources with hundreds of articles

### Online Written Resources

Red Whale Knowledge is our library of online written resources, covering more than 96% of the RCGP curriculum.

- 900+ continuously updated articles - to help ease cognitive overload.
- Super-fast search function - making it the perfect in-practice tool.
- Ready-made protocols (GEMS) to standardise practice within surgeries and PCNs.
